

Discover the cleaner, fresher, cheaper way to dispense **great quality beer**

The DAVID unit from HEINEKEN is one of the most cost effective, flexible dispense systems on the market today.

- No cellar or cellar cooling required
- No line cleaning required
- Great beer every time (with reduced wastage)
- Easy to operate, fixed or mobile versions
- Energy efficient system
- Extended keg life
- Dispenses up to 70 x pints or 105 x Heineken schooners or 140 x Birra Moretti half pints per day (based on 2 x 20 litre kegs)
- Save up to 7p per pint on dispense costs*

Did you know...

A DAVID keg has a disposable beer tube - you never need to clean a line again!

DAVID is available to purchase from £500 each or to rent from HEINEKEN

* Estimated energy cost per pint on a standard cooler/python system including cellar cooling = 8p

Terms & Conditions apply.
